MAYSVILLE, KY., SATURDAY, NOVEMBER 22, 1902.

NUMBER 312.

A MINER'S OCCUPATION

It Subjects Him to a Number of Diseases of a Serious Nature.

TART TESTIMONY OF PHYSICIANS.

Efforts to Be Made to Settle the Differences Between Operators and Miners Outside the Strike Commission.

Scranton, Pa., Nov. 21.—The examination of Dr. R. H. Gibbons of Scranton was resumed when the anthracite strike commission met. He said that the occupation of miner subjects a man to pleurisy, gout, neuralgia, asthma, bronchitis, sciatica and other diseases. He believed the time would come when men will be subjected to medical examination before they undertake mining. Children, he said, who suffered from any form of disease of the respiratory passages, bronchitis or pneumonia, should never be permitted in the mines under the age of 15 years, because they should have a chance to eliminate the predisposing factor in the case of so-called miner's asthma. He spoke of the necessity for improved ambulance service at the different mines.

Dr. Gibbons was followed by Dr. Eugene J. Butler, member of the central poor board of Luzerne county, who testified that 70 per cent of those in one of the poor houses in Luzerne county were miners, and that 40 per cent was crippled by accidents in and about the mines. Many of these, he said, had become insane through worry over their affliction. A man who works a few years as a miner, he declared, is not fit for anything else.

When Dr. Butler was excused Rev. Dr. Robert was called to the stand, his examination being conducted by Mr. Darrow for the mine workers. He reiterated his belief expressed in his book that an intelligent, persistent combination among miners for the maintenance of prices and rates of wages would secure a just share of the profit for the workers.

"In view of the last strike," Mr. Darrow asked, "and everything that has occurred since, has your views as to the desirability of collective bargaining in the anthracite regions been modified or strengthened, or have they changed at all?"

"Strengthened decidedly," the witness replied.

After reading extracts from an article in a magazine supposed to have been written by Dr. Roberts, Mr. Darrow asked what was the temper of both parties during the five months of the strike. The witness replied that it was a condition of war, and that both sides were intemperate. Dr. Roberts in reply to a question as to what wages men should receive to maintain the American standard of living, said that he would place the poverty line at \$575 per annum. Under that amount, he said, the miner and his family would suffer physically, intellectually and mentally.

The commission adjourned until Saturday so that the commissioners could concur regarding a suggested adjournment of a week or 10 days, in order to allow both sides to prepare their documentary evidence.

To Settle Outside Commission.

Scranton, Pa., Nov. 21.—It has been learned that efforts are being made or will be made to settle the differences existing between the mine workers and the operators outside the commission appointed by the president, and it is said the contemplated adjournment will be taken in order to give both sides a chance to get together. Judge Gray's remarks suggested this conclusion. None of the attorneys on either side will say anything regarding the matter, but it is understood here that in the interval that such effort will be made.

Children With Hip Diseases.

New York, Nov. 21.—Selection of crippled children in preparation for the visit of Dr. Lorenz has disclosed the fact that there are probably in New York city more than 25,000 children suffering from hip diseases which are likely to make them cripples for life unless they are properly treated. According to the doctors who have been selecting candidates for the clinic to be held by the Vienna surgeon, the majority of these children need hospital treatment, and this it is impossible to give, as there is no hospital where they can be received. The same ratio of cases is said to exist through the state, and a movement has been inaugurated for the establishment of a hospital to which the legislature will be asked to contribute \$100,000.

WARSHIPS IN A RACE.

Big Alabama's Showing in a Long Distance Speed Contest.

San Juan, Porto Rico, Nov. 21.—With phosphorescent spray dashing high up on her sharp bows, the cruiser Cincinnati forged abreast of Culebra light, winner in the greatest ocean race of warships ever run on the North Atlantic seaboard. Barely two miles astern of the cruiser flashed the white searchlight of the great battleship Alabama. She had distanced all her rivals of the heavy weight class, and had shown her quality by putting up a hammer and tongs struggle all the way from Hampton Roads, Va., with the fleet-footed cruiser. One by one, she had left behind the little gunboat Machias, the Indiana of Santiago fame; the new battleship Kearsarge, her own particular rival and last of all the plucky Massachusetts, sister ship of the Oregon.

That the comparatively old Massachusetts was a stronger competitor than the Kearsarge is one of the surprises of the race. That the Alabama came in so close a second to the fast commerce destroyer Cincinnati, even though the cruiser had been handicapped 35 miles at the start, is a superb performance for a first-class battleship heavily armed.

This is the first time in its history that the ships of the North Atlantic squadron have engaged in such a long distance speed contest in the open sea.

As a component part of the great fleet of warships now assembling for the winter naval maneuvers under the command of Admiral Dewey, the North Atlantic squadron was ordered, after assembling at Hampton Roads, to proceed to the naval rendezvous off Culebra light, the beacon that gleams from the pinnacle of a rocky little island off San Juan point, Porto Rico. The order offered a superb opportunity to test the actual relative speed of the ships of the fleet in competition.

Shooting of Mrs. Gore.

Paris, Nov. 21.—Consul General Gowdy's investigation into the shooting of Mrs. Ellen Gore, the American, Wednesday, develops the fact that Mrs. Gore was pupil of the famous Composer Moszkowski. Her maiden name was Sinclair. She was originally from California, where she married Tom Gore of British Columbia. The couple removed to Mexico City and became wealthy. They built an extensive apartment house in Mexico City, which they called "Gore Court." Jean Rydzlowski, the Russian singer, in whose apartments Mrs. Gore was killed, is supposed to be related to Major General Rydzlowski, attached to the staff of the Russian czar.

Ohio Congressmen for Cannon.

Columbus, O., Nov. 21.—Eleven Republican members of the Ohio delegation to congress met here to consider the coming contest for speakership in the national house. Those not present were: Nevin, Gill, Beldler and Burton. On rollcall the vote for speaker stood as follows: For Cannon—Longworth, Goebel, Hildebrand, Kyle, Warrick, Southard, Grosvenor, Skiles, Van Voorhis, Kennedy, Dick. For Burton—Morgan, Jackson. The two voting for Burton declared for Cannon as their second choice. Congressman Burton of Cleveland has not withdrawn from the field.

Entertaining British Delegates.

Pittsburg, Nov. 21.—The 23 delegates of the British trades organizations, who are on an inspection tour of the United States for the purpose of studying American conditions, have reached Pittsburg. They were met at the station by a committee of labor leaders, and immediately taken to Homestead, where they were conducted through the great steel plant of the Carnegie company. During their stay there they will visit the furnaces, foundries, steel and iron mills and glass factories.

Open For Traffic.

Bonesteel, S. D., Nov. 21.—The extension of the Chicago and Northwestern railroad to this city is now open for traffic. Bonesteel is on the edge of the Rosebud Indian reservation, which is to be opened for settlement next spring. The new line passes through some of the richest grazing lands in the world, and as the reservation embraces such lands the opening to entry is expected to attract a large number of people from all over the country.

Vienna, Nov. 21.—A Danube steamer crowded with workmen sank off Corsova, a frontier town of Servia, on an island in the Danube. Thirty of those who were on board were drowned owing to the darkness, the boats from the shore being only able to rescue five persons.

Ambassador Tower's Farewell.

St. Petersburg, Nov. 21.—Ambassador Tower, who has been transferred from St. Petersburg to Berlin, had his farewell audience with the czar at Livadia on Wednesday. He afterwards lunched with his majesty and the czarina.

PRESIDENT'S MESSAGE

Roosevelt at Work On the Annual State Paper to Congress.

TALKS WITH REPUBLICAN LEADERS.

Chief Executive Discusses Southern Politicians on His Return to the Capital From the Bear Hunt in Mississippi.

Washington, Nov. 21.—President Roosevelt arrived here Friday over the Southern railway. A little crowd was at the station to welcome his return from the south. As he left the train he shook hands with the engineer and fireman, and thanked them for the safe run they had made. The president and Secretary Cortelyou were driven to the White House.

Before 10 o'clock the president reached his office in the executive building. He at once began to dispose of a mass of business which had accumulated during his absence. Prior to the meeting of the cabinet the president found time to hold brief interviews with Senators Burrows of Michigan, Scott of West Virginia and Lodge of Massachusetts.

During the next four or five days, as opportunity may offer, the president will put the finishing touches upon his annual message to congress. It is understood that the message will be sent to congress on the second day of the approaching session Tuesday, Dec. 2, owing to the fact that deaths of members of both houses have occurred during the recess, which will necessitate an adjournment on Monday. The document is almost completed, but some points of it are yet to be written finally and the whole revised during the early days of next week. The president will consult on parts of his message with Republican leaders in congress.

At the cabinet meeting Secretary Hay brought with him some documents relating to the status of the negotiations pending with Colombia, with respect to the Panama canal treaty. He reported the status of the negotiations, and it is stated that the president will not be able to say in his message that he is ready to submit to congress a treaty with Colombia, in accordance with the Spooner act. Some portion of the president's forthcoming message to congress were considered.

The president is greatly pleased over his southern trip. He was able, for the first time in his life, to study the people of the south at close range. It is said the president admits that the negroes are not fit to be the guiding race in the states in which they predominate, but at the same time he is resolved that all hope of office and political reward shall not be taken from them. The president believes that a good deal of the hot-headed criticism he has received at the hands of southern politicians would never have been spoken had the southerners themselves really understood him.

Cholera Cases Decreasing.

Washington, Nov. 21.—A cablegram has been received from the Philippine commission, stating that the number of cases of cholera had gone down to five a day, instead of 34 a day a week ago. The message says that the committee feel much relieved, and it is believed the Mariquina watershed, which furnishes the water supply for Manilla, will not be contaminated. Up to a short time ago grave fears were entertained that cholera might be introduced in the Mariquina region, although great precaution has been taken to prevent such a result.

Indiana Sheriff Removed.

Indianapolis, Nov. 21.—Governor Durbin notified Sheriff Dudley of Sullivan county that his office was vacant, and the coroner becomes sheriff ex officio. The Indiana law provides that a sheriff shall vacate his office when a prisoner in his charge is lynched. The mob took Dulard, the negro, away from the sheriff on the highway and hanged him to a telegraph pole. The sheriff has the right under the law to ask to be reinstated, but he must show that he was powerless to protect his prisoner.

Suspect Held.

Lisbon, Nov. 21.—A man was arrested here on suspicion that she may be Mme. F. Humbert, who, with her husband, is wanted by the police of Paris, in connection with the Crawford case frauds. There is considerable doubt, however, whether she is really the famous absconder.

Pope Leo's Observation.

Rome, Nov. 21.—At a reception of 500 Piedmontese pilgrims the pope jocularly referred to the unfounded rumors of his indisposition, adding: "My time has not yet come. We have many things to accomplish before death."

ENTER A DENIAL.

Coal-Carrying Roads Reply to Complaint of Editor Hearst.

Washington, Nov. 21.—The answers of the Delaware and Hudson, New York, Susquehanna and Western, the Erie and the Lehigh Valley railways to the complaint of William R. Hearst of New York against the anthracite coal carrying roads were filed with the Interstate commerce commission. All the answers deny that the interstate commerce law has been violated. They deny that any unjust or discriminatory rates have been exacted on anthracite as compared to bituminous or other carload freight traffic, and deny that the petitioner, or any other persons, or other independent purchasers, have sustained any injury by reason of the anthracite transportation tariff.

Author's Large Estate.

New York, Nov. 21.—Paul Lecister Ford, the author, who was killed last May by his brother Malcolm, left personal property worth \$241,691. Of this the daughter born a month after the murder will get \$137,048. Under the writer's will his wife, Mrs. Grace Kidder Ford, was to receive the major portion of the estate, but the birth of the posthumous child made the will invalid as it stood. The law provides that such a child shall inherit two-thirds of the bequests made in the will. Besides his personal property Mr. Ford left considerable real estate in this state and New Hampshire, but there has been no exact valuation on this.

A Trinational Line.

St. Louis, Nov. 21.—It is reported that the Frisco system, which recently absorbed the Chicago and Eastern Illinois, is about to gain an eastern line by forming a close alliance with the Grand Trunk. The Frisco is now building a line to Spofford, Tex., where connection will be obtained with the Eagle Pass line, penetrating Mexico. The consummation of this plan and of the alliance with the Grand Trunk would make the Frisco a trinational system. President Youkin is out of the city, so confirmation or denial of the report could not be obtained.

Missing Mrs. Sechrist Located.

Lincoln, Neb., Nov. 21.—Mrs. Albert Sechrist of Kansas City, principal witness for the state in the case of Dr. Louis Zorn, a dentist, charged with killing her husband, was found here at the home of her parents, and admitted she had been in hiding there for the past five days. Mrs. Sechrist wished to avoid testifying at the trial, and last Monday threw a note pinned to a hat into the river at Leavenworth, stating that she had drowned herself and baby. "I meant to kill myself and baby," she said, "but the water was too cold."

Will Sell Gold Dollars.

St. Louis, Nov. 21.—Ivory white is the color decided upon by the Louisiana Purchase exposition officials for the buildings. Ivory white has a tinge of yellow, and in that respect differs from the color of the Chicago fair. Circular letters are being mailed to 18,000 banks in the country offering for sale 50,000 of the 250,000 souvenirs gold dollars issued by the government for the exposition.

Mrs. Young Bound Over.

Rochester, Nov. 21.—The coroner's inquest into the death of Florence McFarlane has been held. The coroner finds that Miss McFarlane came to her death as the result of stab wounds inflicted by Mrs. Lulu Miller Young. Mrs. Young was held for grand jury.

Formerly of Springfield, Ohio.

Albion, Mich., Nov. 21.—Fred Munger, proprietor of the Hotel Albion, died here suddenly from heart failure. He had managed the Madison and Clifton hotels in Chicago, and was at one time proprietor of the Arcade hotel at Springfield, O.

Chinese Deported.

Mobile, Ala., Nov. 21.—Three of the eight Chinese who reached here last week from Progresso, Mexico, by steamer, have been deported on the same steamer. The other five, whose papers were in order, were allowed to go to their home town, New Orleans.

Sympathy Strike.

Newark, N. J., Nov. 21.—Sixty-five apprentice boys employed at the Forest Hill plant of Tiffany & Company of New York have gone on a strike in sympathy with the silver workers already out.

Russian Road to Persia.

London, Nov. 21.—It is alleged the construction of the Russian railroad from Erivan, a town of Russia, 116 miles from Tiflis, to the Persian frontier, will be commenced at the beginning of 1903.

Germany's Deficit.

Berlin, Nov. 21.—In the Reichstag the secretary of the treasury, Baron von Thielmann, announced that the imperial budget showed a deficit of \$37,500,000.

A DIRECTOR TESTIFIES

Tells How and Why Interests Were Pooled In Great Northern.

THE SHAREHOLDERS FEARED A RAID.

Desired That Control of the Road Should Remain With President Hill—Hearings in the Suit Against Securities Company.

New York, Nov. 21.—Relying to questions of counsel for the state of Minnesota in the hearing of the case of that state against the Northern Securities company, D. W. James, a director of the company testified that he owned 35,000 shares of Great Northern stock, 6,000 shares of Northern Pacific common and 1,200 shares of Northern Pacific preferred before the organization of the Northern Securities company. After the panic of May 9, 1901, he bought 5,000 more Northern Pacific shares from J. P. Morgan & Company. James said that he and some of his friends decided it would be wise to pool their interests in Great Northern, and in reply to a further question he said: "The raid of May 9 showed it was possible that a like attack might be made on Great Northern."

"And you decided to unite your interests with Mr. Kennedy, Mr. Hill, Mr. Morgan and others?" asked M. D. Munn, counsel for Minnesota.

"We thought it best for the interests of all concerned that the control should remain where it was. Mr. Hill's management has been most successful."

The witness said he and his friends did not own a controlling interest in the Northern Pacific, as well as the Great Northern, unless the interests held by J. P. Morgan & Company in the Northern Pacific were included, and then only in case the preferred stock was retired. The witness said he turned in his stock because he deemed it best and wisest.

"You walked right up to the threshold of this new company and surrendered \$35,000,000 of stock for stock in the new company without any understanding among yourselves?" asked Mr. Munn.

"I thought it for the best."

"And all your friends did as you did?"

"I can speak only for myself."

Mr. Munn answered that he would present no further testimony until the examiner sits in St. Paul. Mr. Ingersoll, the examiner, set Dec. 5, in St. Paul, for the next hearing.

Mr. Ingersoll announced that the further hearing in the federal suit against the Securities company had been postponed by consent until Nov. 26.

Five Thousand Were Killed.

San Francisco, Nov. 21.—W. J. Campbell, who has just arrived here from Guatemala, brings additional details of the damage caused by the recent volcanic disturbance. In an interview Mr. Campbell said: "There is no clear idea yet of the loss of life resulting from the volcano's eruption, but from what I could gather before leaving there I believe that 5,000 natives have been killed. Some of the coffee plantations that have been nearly ruined were worth more than \$1,000,000. The town of Quesaltenango is practically ruined, for the houses are cracked and broken down, the people are moving out and the neighborhood is covered with sand and ashes."

Uproar In Spanish Chamber.

Madrid, Nov. 21.—An uproar in the chamber of deputies was caused by an attack of Senor Romero Robledo on Premier Sagasta, the premier withdrawing from the chamber. The president of the house closed the sitting amid protests from the members of the opposition and cries of "There is no government." The trouble grew out of a speech by Premier Sagasta, in which he expressed surprise at the interpretation which had been given to the recent ministerial crisis. Senor Romero Robledo reproached the premier with his political antecedents. He declared that Senor Sagasta was not the leader of a party, but the favorite of the king, a statement which occasioned an angry debate.

Denies the Charges.

CONGRESSMAN CANNON, who appears to have a "cinch" on the Speakership of the next Congress, has declared against revision of the tariff. We shall see how President Roosevelt gets along with him.

SOME of the railroad companies have lately granted their employees an advance in wages and now comes the announcement of a proposed increase in freight rates. The people will have to foot the bill in both cases it seems.

RAILROAD executives of the districts of the Central Freight and Trunk Line Associations have decided that a freight rate advance of 20 per cent. must go into effect on the bulk of the mill and furnace tonnage of Pittsburgh and other districts on or before January 1. More prosperity!

RAILROAD companies and manufacturing concerns are confiscating coal in order to keep things going. If a real genuine cold snap should strike this section before there is a rise in the river, Mayville people would have to get out and swipe a few train loads of coal, or freeze.

ONE of the principal grounds of complaint against the trusts is the evil of over-capitalization and then their forcing the people by means of advance in prices of articles controlled to put up enough money to enable the combines to pay dividends, not only on the actual investment, but on the "water" or "wind" in these corporations. This plan suggested by the Indianapolis Sentinel would probably put a stop to over-capitalization:

If trusts will persist in over-capitalization, let taxes be assessed on the property at the valuation placed upon it by the trust. If the property of a trust is worth \$1,000,000,000 for bonding and stocking it ought to be worth \$1,000,000,000 for the purpose of taxation.

SOCIALISM.

The Socialists showed up with a surprisingly large increase in their vote at the recent election and Republican editors are expressing much concern over the developments. Especially is this true over in Massachusetts. The Chillicothe (O.) News-Advertiser is also surprised at the increase in the Bay State, but not for the same reason. It says:

The Republican party of that State is Socialistic in the extreme. New England has ever been Socialistic, the people always favoring the Socialistic idea that government should do everything for the people from hauling the children to school to washing their faces under Government supervision. With the Republican party of Massachusetts so entrenched in Socialism we are surprised that any Socialist should vote any other ticket.

To which the Cincinnati Enquirer adds: True, every word of it. Centralization and paternalism promote Socialism. The pernicious doctrine that the Civil war took away the rights of the States and that the Federal establishment is a powerful central government to which forty-five "provinces" are subordinate, begets the notion that the government of the United States must take care of everybody and everything. Instead of holding the Federal government to the old and sound doctrine of simplicity and promoting the cardinal principle of as little government as possible, the people are constantly confronted with the argument that the government is growing, and that there must be more buildings and more offices and more United States courts, and a general transfer of jurisdiction from the States to the National government. The tendency is toward a "strong government" at Washington, and the stronger that Government becomes the greater is the demand that it shall take charge of private interests, and guarantee to every citizen a living and something better.

And the Danville Advocate voices the same sentiment, saying:

Socialism in America learned its first lesson from the paternalism of the Republican party, as exemplified in the protective tariff and subsidizing schemes which have operated so unequally and disadvantageously during the past thirty years. It is the natural result of the theory that the powers of government are to be used for the purpose of promoting private speculations and enterprises, at the expense of the general public. Republican paternalism and Socialistic paternalism are based upon the same beliefs with regard to the powers of government, and are both alike, and for the same reasons opposed to the Democratic doctrine of free competition and the same privileges to all.

Mr. Renaker, who is slaughtering turkeys at this point, shipped three car loads East this week for the Thanksgiving trade. The shipments went by express.

WALKING SKIRTS.

These are the days when Walking Skirts are regnant. The saving of handsome skirts as well as ease, cleanliness and comfort for outdoor wear demand them. They are the natural ally of the shirtwaist and were never more widely appreciated by practical women. We have an immense stock of these serviceable skirts in styles absolutely correct. Colors black, Oxford and Cambridge grays, blue, brown. Prices \$3.50, \$4.75, \$5. \$7.50.

Coat Reduction.

\$5 for women's stylish coats of kersey and melton in tan, castor, black—beautifully tailored and stitched, handsomely lined throughout. Regular price \$7.50.

\$6.75 for women's jaunty Box Coats of fine kersey in black and the whole gamut of tans. Handsome pearl buttons, new collar, turned back cuffs. Regular price \$9.

\$10 for women's short Monte Carlo slot seam Coats, satin lined throughout, double-breasted style, handsomely tailored and finished. Regular price \$15.

\$6.75 for Women's Coats that regularly sell for \$9. New stock of course, cut and tailored in the most correct fashion. An early season chance that comes but seldom.

FOR MISSES—Short and long Coats in many new styles, lined or unlined, choice colors, handsome stitching and buttons. \$3.50 to \$15.

SILK

WAISTS.

Only five left one each in cream white, pearl white, reeds, cardinal and castor. Sizes thirty-four and thirty-six. To clean up the stock have reduced the prices of these \$5, \$6 and \$7.50 waists to \$3.75.

A fine opportunity to freshen your wardrobe without much outlay and no weary selecting, planning and fitting.

N. B.—Have you seen the line of 75c, DRESS GOODS we are selling for 50c?

D. HUNT & SON

BIG INCREASE.

Land Values in Eastern Kentucky On the Jump.

Rich Coal, Iron and Timber Regions Have Started a Wild Scramble on Part of Railroads.

[Enquirer]

Civil Engineer George W. Maybrick stopped over in this city yesterday at the Burnet House on his way from Eastern Kentucky to Chicago.

Mr. Maybrick has been at work for several months for the Sea Board Air Line Railroad Company in Eastern Kentucky, and has much to say concerning the future of that portion of the State.

"There is at present," said he, "a railroad war on in Eastern Kentucky. Every road is fighting to get into this virgin forest region, where every acre, especially in Knott County, is worth now from \$25 to \$45 as against \$5 or \$6 for the same acreage a few years ago.

"I want to say one thing to The Enquirer," said Mr. Maybrick, "and that is that the future coal and coke region of the United States is in this locality—especially in Knott County. An injunction was recently got out against the Sea Board Air Line entering this section through Pound Gap, but this injunction was dissolved, and the Sea Board is going

in through Cumberland Gap. There is, in fact, a railroad fight on for the future freightage of this whole section, but particularly in Knott County, where the richest forests, iron mines and coal and coke fields exist. The Sea Board is trying to make connections with the Detroit Southern or C. H. and D. Railroad Companies. These two roads have each

at present a corps of engineers and workers south of Ashland in Greenup County at work laying track. The C. and O. is working down on the east side of the Big Sandy, and has already reached as far as White House in Johnson County, and will soon be in the region of the Peach Orchard and Cannel coal fields. Other roads are projecting

from Jackson into the territory. The Sea Board Company is after the sea board coal, and will contest every inch of this country. The whole gigantic coal fields of Eastern Kentucky are destined to soon be on the market. The oak forests of Knott County are virgin timber, and the coal fields so far as prospected are estimated to be the most productive in the country, if the reports of Government officials are to be depended upon. The undeveloped coke regions of Knott County alone are believed to be the greatest in the world. If a man had the money to go into this territory and buy up lands and hold them he could make millions. I think you will find this the general verdict of all those who have investigated this section of the country's mineralogical, oil and forest wealth."

MARRIED AT CINCINNATI.

Miss Rossie Talbott of This County Becomes the Bride of Mr. Robert Dunkle of the Queen City.

Cards have been issued announcing the marriage of Miss Rossie Talbott, of this county, to Mr. Robt. I. Dunkle, son of G. H. Dunkle, a prominent citizen of Cincinnati.

The marriage was quietly solemnized Nov. 20th at the home of the pastor of St. Paul's Church, in the presence of a few friends of the contracting parties. They were handsomely entertained later at the home of a brother of the groom and were the recipients of many costly presents.

The bride is a daughter of Mr. and Mrs. C. Lee Talbott, living near Lewisburg. She is a charming girl and her lovely disposition has won a host of friends who wish her a long life of happiness.

New Oil Field.

OWINGSVILLE, Ky., Nov. 20.—A Mt. Sterling company drilled for oil on Little Salt Lick, six miles south of this place, on the farm of William Ingram, and brought in a well yesterday at less than 300 feet, which is claimed to be the best well in Eastern Kentucky, and is said to produce 300 barrels a day. This is entirely a new field separate from the Ragland oil fields.

Mrs. Fred Unrath,

No. 228 Territorial Street, Benton Harbor, Mich.

hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the woman in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

MOTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish care and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

The Holidays Are Almost Here!

And every one who takes pride in his personal appearance wants something new for that period.

The cold weather has delayed its arrival, so much better for you. Cold weather will come and plenty of it. The delay of its arrival, however, leaves us with an awful big stock which must be cut down. To cut it down to normal size we will induce buying with prices that will be found irresistible.

"See" what we now show in beautiful fancy Cassimeres, Cheviots and Black Worsted and Thibet Sack Suits at \$12.

"See" what we show in the latest styles of "Prince Henry" "Full Back" and "King Edward" Overcoats at \$10 to \$15. All of them from the best Rochester Manufacturers of Tailor-made Clothing.

"See" what we show in Children's and Boys' Suits and Overcoats from \$2.50 to \$7.

You will now need cold and water-resisting Shoes. See our W. L. Douglas and Hanan lines. Every pair warranted to give satisfaction.

Our stock of winter Caps for Men and Boys is the best and biggest we ever had. "See them."

D. HECHINGER & CO.,

THE HOME STORE.

BECAUSE.....

The people are beginning to realize how reasonable we sell all our Clothing, is why our trade is growing. Just now we are selling more Overcoats than anything else, on account of the weather being so warm lately. But now it's getting colder and people have been watching what kind of clothing we are putting on their friends. Merit always brings good results. This new store is for the people and by the people, whose past record is with you, as we are all home folks.

FOUND.

FOUND—A bunch of keys Thursday on Second street. Apply to MOSE DAULTON & BRO.

THE BEE HIVE

You don't have to be an engineer to survey the vast improvements that have been made in our many departments. Did you know that these improvements were made so that our fast increasing trade could see the goods we show in

AMPLE ROOM AND PLENTY OF LIGHT

Did you know that showing good goods in good light means a satisfied customer? Did you know that showing poor good in poor light means a good sale for the store?

The Mayor in one of the largest cities of this country in pleading to his Council said that every electric light placed in dark streets means less crimes.

And so it is with light—the more light the less misunderstandings. No blues for blacks and no blacks for blues. The more light the more pleasure in showing and looking at goods. Just now we are throwing lots of light on

OUTING GOWNS AND SKIRTS

Ladies' Gowns 59c., 75c., \$1.19 and \$1.25; Misses' Gowns 39c. and 59c.; Children's Gowns 39c. Select by daylight that they may keep you warm by night. Short skirts 49c. and 59c.

MERZ BROS.

NESBITT-MOORHEAD NUPTIALS.

A Son of Mr. and Mrs. Thomas Y. Nesbitt of This City Married Last Thursday at Greensburg, Pennsylvania.

The marriage of Mr. Hugh Barr Nesbitt, of Washington, D.C., and Miss Mary Foster Moorhead, of Greensburg, Pa., was solemnized Thursday evening at 8 o'clock at the First Presbyterian Church of Greensburg.

Miss Moorhead is a daughter of the late Dr. William W. Moorhead, a prominent Presbyterian minister who for nearly thirty years was pastor of the First Church at Greensburg.

Mr. Nesbitt is the older son of Mr. and Mrs. T. Y. Nesbitt of this city. For the past ten years he has served as a Washington City correspondent for the Pittsburgh Press, and is one of the brightest young men Maysville has given to the world.

The many friends of the groom unite in congratulations and good wishes.

Immediately after the ceremony Mr. and Mrs. Nesbitt left for a short trip East, after which they will return to Washington, which city they will make their future home.

We are offering special inducements to early holiday purchasers. Our stock is complete and we are anxious to show our new holiday goods. You can make your selections now and have your purchases laid away until you want them. Call and see our new goods.

MURPHY, the jeweler.

Messrs. E. H. Nesbitt and S. A. Shanklin arrived home Friday from a quail hunt in Bath County. They report the birds scarce and say there are about five hunters in the field for every quail.

YOU WILL FIND IN THE
CELEBRATED

"Good For Bad Boys"

Show just what you have been looking for—a boy's shoe that will give satisfactory service. They are made by a factory that make a specialty of and know the requirements of boys' shoes.

"GOOD FOR BAD BOYS"

Shoes are the solid made kind—they are solid leather throughout—no lining to wear out and wrinkle over the toes. They have the best wearing uppers made and have soles that will stand hard wear.

Hunting Coats, Leggins,
Cartridge Belts, etc.

Gem-Chop meats, fish, clams, vegetables, fruit, crackers, bread, nuts—everything, in fact, for culinary purposes. The chopping-bowl method of preparing meals is the old way—out of date.

It's Better to Gem-Chop

and it's easier, too.
Use SARGENT'S GEM FOOD CHOPPER, a modern kitchen utensil, which chops in small, medium and large pieces, pulverizes and makes nut butter. Easy to use, easy to clean, easy to keep in order. There is nothing "just as good;" insist on having the GEM. You cannot afford to keep house without it.

No. 99—Scrambled Eggs with Chopped Ham
Melt three tablespoonsfuls of butter in a frying pan; put in a cupful of small ham in the Gem-Chop; add two eggs and stir and cook until heated through, then stir in three eggs beaten slightly and mixed with three tablespoonfuls of water or milk; stir and cook until the egg is nearly set, then turn onto a warm serving-dish. Surround with toast points and parsley.—JANET MCKENZIE HILL.

Gem-Chopper Cook Book, containing this and two hundred other valuable recipes given with each Chopper.

BROWN'S China Palace,

No. 40 West Second Street,
Maysville, Ky.

F FARMS FOR SALE.

I offer at private sale choice of several fine tracts of land situated in Maysville and Lexington turnpike, two miles South of Maysville. The lands are strictly first-class—no better in Kentucky. The improvements are good and in fine repair. On one tract of 195 acres is a nice frame house of eleven rooms and two baths, a beautiful yard shaded by forest trees—in fact a lovely home such as is seldom found on the market. It has a large Tobacco Barn 84 by 48 feet, eight tiers high, with a stable, ice House, Poultry House, two-story Cabin, tool house, and other necessary outbuildings. It is well watered and has fifty acres in wheat, the balance in grass. Also one tract of 100 acres, all in grass, or one of 244 acres, with fifty acres in wheat, the balance in grass—all adjoining, and of the same high grade lands—well improved and under a high state of cultivation. Terms to suit purchaser. Call and see what I have if you desire to purchase a nice home and a first-class farm.

A. P. GOODING, Maysville, Ky.

Insurance!

For fire and tornado insurance call on W. H. KEY, successor to W. W. Baldwin & Co., Court street.

NOTICE!

Holders of the city of Maysville Retired Bonds, No. 49 and 50 due August 1st, 1902, are hereby notified that the interest on same has stopped. The holders of same will present them to the Bank of Maysville for payment.

T. H. KEITH,
Chairman of Ways and Means Committee.

ANNOUNCEMENT.

FOR CIRCUIT JUDGE.
We are authorized to announce FRANK P. O'DONNELL as a candidate for Circuit Judge, subject to the action of the Democratic party.

We are authorized to announce JAMES P. HARDISON as a candidate for Circuit Judge, subject to the Democratic convention at Vanceburg February 25, 1903.

FOR REPRESENTATIVE.
We are authorized to announce JOSEPH F. WALTON, of Germantown, as a candidate for Representative in the next Legislature, subject to the action of the Democratic party.

PITHY POINTS.

Youtsey's confession even couldn't add much to the discomfiture of the Republicans.

Taylor might come out now and confess what it was that made him trot off to Indiana at such a lively gait.

The people ought to know sufficient about Mr. Youtsey by this time without any extra confession, it would seem.

It's pretty generally known what part Youtsey took in the assassination of Governor Goebel, but a "confession" from Taylor would fill a long felt want.

It's to be hoped that Youtsey, in any confession he may feel pleased to make, will not forget to elucidate that little freak of "posturing" in which he saw fit to indulge while on trial, and which some of his admirers diagnosed as a very serious illness.

\$2.73

We have the best lot of Ladies' Fine Dongola Shoes ever offered in Maysville. Latest style lasts, lace and button, worth \$3. We are selling them at only \$1.98. DAN COHEN'S is the store that saves you money.
